A LOW-COST OPPORTUNITY

REASONS TO OWN

A RECESSION-RESISTANT BUSINESS

Canadians have never been more aware of the air they breathe than they are right now. The recent pandemic raised the standards for indoor air quality - and as a result, Modern PURAIR franchise owners are busier than ever. Our continued growth is proof that our business model is both recession-resistant and essential to our customers.

ENJOY EXCEPTIONAL WORK/LIFE BALANCE

One of the best reasons to go into business for yourself is to take control of your future. Modern PURAIR is committed to helping you reap the benefits of business ownership by providing you with comprehensive support, technology and resources that allow you to run a business no matter where you are in the world.

COMPETITION? WHAT COMPETITION?

There's a reason why Modern PURAIR is the fastest growing indoor air quality franchise in Canada: the rest of the industry is fragmented, unsophisticated, and made up of independent operators that simply cannot compete. By focusing on providing exceptional customer service and expert work, Modern PURAIR franchise owners stand out.

Modern PURAIR is one of the most affordable franchise opportunities in the booming home services category.
